| 15                                      | \$22.00                                     | \$15.00  |

\*Includes one-time customization of the consent form template if required, issue of user names/passwords for non-physician users, and remote training of a local application expert.

†Assumes no license fees for additional specialties.

### Additional Notes

The web-based iMedConsent™ PE application is a web-based, Taylor Healthcare-hosted subscription service.

The web-based iMedConsent™ PE application is designed to function with Windows Internet Explorer versions 8-11 and Safari with iOS7 through iOS9.1. Please check with Taylor Healthcare for compatibility with other browsers and operating systems.

Each registered physician user receives unlimited access for all non-physician providers (e.g. nurses, nurse anesthetists, PAs, anesthesia technicians) associated with that registered physician user.

Existing AUA Members who are registered users of the iMedConsent™ PE application, and who paid list price for the application, are eligible for a 20% extension in the term of the remaining portion of their subscription upon request.

Use of the iMedConsent™ PE application is subject to Taylor Healthcare's End User License Agreement ("EULA") which is included with the application. Customer will not, nor assist others to, modify, disable or circumvent the EULA.

Sales tax may apply.
